

Maple Seed Assembly

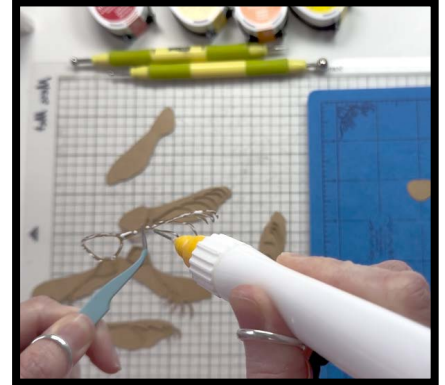

Supplies

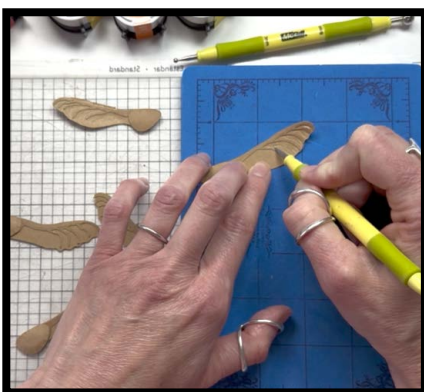

- Components of the maple seeds cut out of card stock
- Adhesive

Optional supplies

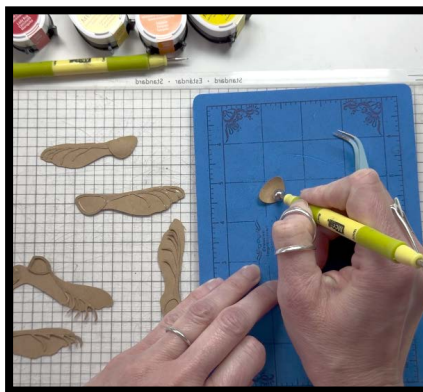

- Presser ball
- Stylus tool
- Foam mat
- Mess mat
- Ink
- Foam Tool
- Craft tweezers

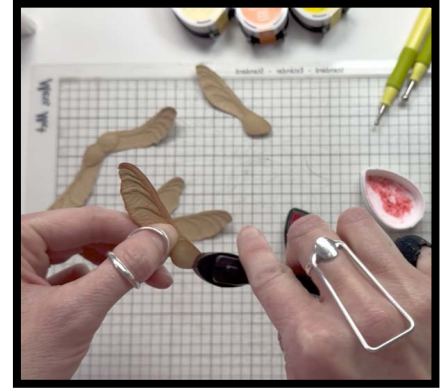

Step 1: Use adhesive to attach venation detail to the base of the maple seed.

Step 2: *Optional* Using the stylus tool, add detail between the venations to add more depth and visual interest to the maple seed.

Step 3: Add cap of maple seed.
(A) *Optional Step* Add dimension by using a presser ball or finger press to round out the cap of the maple seed.
(B) Attach cap with adhesive.

Step 4: *Optional* Using the ink pad and foam tool, add pigment.
